"The Granada Hills South Neighborhood Council strongly urges the Los Angeles City Council to oppose the repeal of the currently adopted second unit standards and replacement of those standards with weak and less restrictive State "default" provisions. Furthermore, there is no urgency and sufficient time should be allowed for a more thorough review and extensive public input regarding:

-Amending the LAMC to ensure procedural compliance with AB 1866 while maintaining the original standards established in LAMC Subsections 12.24 W.43 and 12.24 W.44.

-Utilizing best practices from other California municipalities' second unit ordinances that provide additional protections for Los Angeles City's residential districts.

-A legitimate permitting process for second units that are now under construction."
